The Premises:

Smart apartment in a cul de sac near to station. Extremely discrete arrangements for locating the place and getting in. Clean, tidy, well-decorated. Double bed, tropical fish tank, TV. Relaxing music playing in the background. Generally top class.

The Lady:

About 30 years-old, slender, size 8, great body, breasts 36, long nipples, fully shaved; pretty, communicative and good company, interesting hair that defies description as I don't know the words for that sort of thing, delicate impish ears. An unusual and attractive character who one would like as a friend.

The Story:

She fetched me a cup of tea and I let it cool whilst showering. Then I joined her on the bed; nice delicate back massage, then ball tickling and caress of penis, then oral work from her (very nicely done), then I played with her and she was very responsive to nipple-licking and clit massage (appeared as if genuinely physiologically aroused) , then kissing, then she put a condom on me and I entered her missionary style. Great sex. She suggested I might like another one straight away but I declined. Nice chat all the time; she's really good at putting me at ease. Filled in remaining time with another cup of tea. Left feeling satisfied, relaxed, refreshed.
