The Story:

Gemma arrived a little early and gave me a big kiss as soon as I opened the door. I was a bit nervous because I couldn't find a review on her anywhere but as soon as she gave me the kiss I was at ease.

No time for a chat she sat me down on the bed and gave me a strip tease, very sexy!

She knelt down to give me great owo with swallow, after she was done she asked if i'd like to return the favour, which i did. A couple of minutes later she came - she was so loud I'm sure everyone on the floor must have heard her lol.

we spent the next few hours having great sex, I lost track of time, was only supposed to be a 2 hr visit but ended up being 3. I offered her some money for the extra time, she said "don't be silly" and giggled.

Big french kiss and she left.

Amazing!
