### The Premises:

Flat in building with lots of other girls i've seen before. Very close to the station.

### The Lady:

Suki is a young Japanese girl with a really cute and innocent look about her which made me want to fuck her straight away.

### The Story:

I had read other reports on Suki and had a previous good experience with Angel from the same agency so booked in and she was as good as previously reported. We passionately french kissed before she gave me a blowjob where she licked and sucked my balls, and then she took my cock in as far as she could, taking the whole length of it causing me to explode in her mouth. A body to body massage followed before some good hard and dirty sex. I pounded her little body nicely before shooting my load again, leaving me a very happy man.
