The Story:

Had a little night out and got randy so called up a couple of agencies and after being let down called busty-models, asked for nora as I was up for some a-level, got there and was at first disappointed that she looked a whole lot bigger than she is in her photos but who cares and recently have been looking for slightly fuller figured women, anyway got the finances out of the way and to action as she swallowed the little general whole and gave a decent enough BBBJ, after a while decided to go with her on top and she had me coming in no time, a little rest, and with some deep throat again got me going, on with the mac, some lube up the ass and slowly starting pounding her which she seemed to really enjoy and took the whole load pretty deep, with no complaints gave her good pounding and then came inside her tight ass.

Was pretty tired now but had a few more goes in doggy and missionary and finally of with the mac and a final tit fuck with me spreading my load on her huge tits for a third time.

She is a little on the mechanical side with a lot of chatter in between, but who cares she does what she advertises and thats all i care about! Definately worth a visit
