The Premises:

Cosy and clean cottage, discretely off-street.

The Lady:

Mistress Kali has a voluptuous, full body, which has the most feminine form. I was privileged to be allowed to study her legs and body. The Mistress had dressed in classic short black dress, with flowing robe over, black stockings and high heels. It is so rewarding to meet a Mistress who is so alluringly dressed from start to finish (some actually think it acceptable to change into or out of a suitable domme outfit from housework clothes in front of the visitor!).

The Story:

This was my first visit to the Temple of Mistress Kali, though I had heard of her and read of her on this site. Now that I have fallen under her power and charms I am only sorry I did not make the trip earlier, now I know what I have been missing. She has a super-sexy husky voice which is at the same time seductive and threatening. From the start, there is no doubt though that the male of the species is beneath her contempt and your presence and abuse are for her satisfaction and amusement.

Some corporal punishment was expertly delivered to ensure I knew my place and I was permitted to kiss and lick her shoes. The Mistress has a sure hand and knows her slaves' limits: the visitor will have a safe word in case the suffering is too much, but although it might come close, I would bet she is expert enough to never overstep the mark.

I have visited quite a number of Mistresses and rarely found myself in the presence of such a pure sexual confidence. Believe it or not, some Mistresses are not at all truly at ease in control of a man. Mistress Kali has full command at every moment and exudes confident female power. I soon found myself blindfolded and well secured with leather wrist straps. Safely restrained, I was allowed to explore the Mistress's breasts and bottom, all beautifully soft and smooth. Mistress Kali clearly revels in such attentions, which again marks her out as special from other Mistresses, many of whom permit no physical contact that might at the same time gratify their male subs. I was held in a range of positions and firmly instructed on pleasuring the Mistress by fondling and kissing her breasts, bottom, legs and even her very arse. The Mistress seemed clearly to be as aroused as I

was. My time was up all too soon, but I have arranged to visit the Temple again and to pay my respects to this marvellous Mistress.
