Details of Service Provider:

Profile Name: Pampers Massage

The Premises:

Still the same run down shop unit close to West Horndon station. Pampers is in a residential area with cafe next door, but feels discreet, the only awkward moment is waiting outside for someone to open the door. Inside is again somewhat run down with small cubicles containing massage tables instead of beds.

The Lady:

Amy is a very pretty, petite blonde English girl in her early 20s. Well toned body.

The Story:

Despite the usual complaints about this place, ie the cramped and uncomfortable rooms and high prices, I had another excellent punt here. Amy was very friendly and bubbly throughout and certainly worth another visit!

Started off with a sexy massage, with attention to my cock and balls, then, having turned over, she was happy to undress and we started kissing. Her kissing was very enthusiastic, and she soon got me very horny with her nipple licking. I missed out oral with her, not through choice but because I didn't think I could last long enough to do both! We had sex in mish, though she does seem to look away during sex, which is a slight disappointment.

Overall a very good punt with a lovely girl. Highly recommended GFE!
