The Story:

One reviewer suggested that the hosts of this unique establishment were deserving of the Queen's honours. I couldn't agree more. After three visits, there is just too much to relate but my sexual boundaries have been pushed out in many directions.

Highlights range from: waiting for the party to start in a room of 20 people while a Brazilian minx "secretly" folded my cock under my towel (the results were impossible to disguise when I had to stand up to join the party!); one girl wondering aloud how much of my amble member she could fit in her mouth while another was giving it her best shot and measuring the results; watching a young blonde nympho being shagged senseless then accepting her invite to insert my cock in her mouth to keep her quiet; recieving oral with another girl's face inches from mine, moaning and oohing and achhing as she is being fucked from behind; fucking an insatiable Ukrainian to a running commentary from another girl and punter, ending in appreciative claps for our performance at the end. I could go on.

At first it takes a bit geting used to the other men, especially the over-weight ones (I have gone on a diet so I can look better at these parties) but everyone helps you to relax and learn to thoroughly enjoy. The world would be a better place if we had more orgies!
