### The Premises:

Due to her place being full of workmen as they do up her drive, she directed me to a hotel not far away. OK as far as hotel rooms go.

### The Lady:

Well described on this site and most are pretty accurate - definitely attractive, quite tall (5'8"), slim with a good figure. Guess the only criticism is that she has quite small tits but all 'n all a good package. Oh yes, she's definitely in her 40's but looks good for it.

### The Story:

Julie gives a fantastic gfe. You really couldn't ask for more. She kisses you on arrival, obviously got a brain, treats you like a bf not a punter and is very relaxed about it all too. No rush and no pressure, just a girl after some good fun.

We met in the car park and walked to her room. Once inside, i handed over the lolly (65 quid now guys) and we were soon naked together. We kissed for GB and fell onto the bed. She took me in her mouth and gave the most fantastic bj. I was totally allowed to go down on her and she seemed to enjoy herself 100%. She was in no rush to get me inside her. Eventually, after more mutual sucking, she put on the hat and guided me inside. Some very slow and erotic fucking and i was soon cumming inside.

At all times, she made all of her body available to me and the deep FK was most enjoyable.

You really can't fault her one little bit although next time i would have to weigh up whether or not a 100% fantastic fuck is better than a pretty good one with a girl half her age. I've been let down on many occassions by an attractive younger model just not delivering the goods, so maybe knowing that satisfaction is guaranteed would sway it in her favour but then there'd always be that niggling feeling that i could be fucking a girl with firm tits and young boat race. I guess if you stick to the rule of not returning to the same girl, then Julie's not an option but i must say, a repeat visit would be very tempting, such is her skill...

Definitely worth a visit guys.
