The Premises:

Bargain basement hotel a few minutes out of the city centre.

The Lady:

About 5,7, very slim and well toned, facially pretty, massive enhanced but natural looking breasts (34G?), brown hair - mostly extensions. Lots of bruises on her legs.

The Story:

I had tried to see Elise twice in the past when i visited London. Twice I was let down as the agency couldn't get hold of her. On both occaisions I had a wonderful time, firstly with Juliette and the next time i was offered Daphne Rosen at a reduced rate (mind bogglingly awesome).

This was third time lucky as she was touring close to home, so i booked for an hour.

What a mistake!

The girl looks the part, but thats as good as it got. Not much effort to dress as requested. Very aloof, idsinterested, yawning, almost bored! Made no attempt to make any conversation, which i wouldn't mind if she was ripping my clothes off and demanding sex. It was obvious she didn't want to be there.

Half hearted OWO with more hand action than i like, sex was ok, but again no real interaction or passion and that was it.

Twenty minutes and i thought clean up, a bit of a chat and get going again.

Silence! Made it very clear that that's your lot, grab your things and on your bike. Which i did and twenty five minutes later i was walking down the street ringing the agency to give them feedback and hopefully resolve the sitiuation. They said that they would look into it and get back to me, but as yet i haven't heard back from them.

I guess the moral is stick with what you know and can research and don't let the little head make the decisions. I'm afraid i'm sticking to Sandys from now.
