The Premises:

Vanessa was working from an ok basement flat in a decent enough area, about ten minutes walk from Oxford Circus tube, towards Tottenham Court Road. The flat had a good clean bathroom and a fresh towel was provided.

The Lady:

She is undoubtably a very good looking lady, tall, slim, blonde and tanned - website pictures tell no lies.

The Story:

After returning from my shower, it was straight down to business, there was no massage or foreplay. She started with a BJ before I was erect. This continued for about ten minutes or so, and was more licking than sucking really and never particularly deep. We moved into 69, at which point she simply started using her hand quite vigorously to get me to cum. We then had sex for a while in reverse cowgirl before I got her to finish off by hand. There was hardly any kissing at all which I find essential in making a good punt.

I think I'm right in saying Vanessa has been around a while, and while she is certainly friendly enough, I just felt during this encounter she was going through the motions. I would recommend her as she is as I say, very pretty and may well provide a more engaging service to others.
