### The Premises:

Her place was well maintained in a good apartment block not far from Bakers street tube station. Her place was immaculate as she has a cleaner than comes in on a regular basis to clean the flat. The flat is quite large consisting of about three large rooms. The area in Baker street was safe and the apartment block looks good from outside.

### The Lady:

The pictures on the website are completely accurate but I would say she looks far better when you meet her. Quite simply this woman has an absolutely amazing body which is slim, toned and with firm breasts which are enhanced (but they are very well done). She says she does not work out but she has one of the best bodies I have ever seen. I met a French-Tunisian girl about eight years ago who is on a par with Chanel in terms of looks and body but she is amazing.

### The Story:

This is my last ever punt. Not because I did not have a good time but just because I feel I have done this for fourteen years in London and this is enough for me as I am now in my early thirties. I have seen many beautiful women in my time as I tend to go for the high end of the market to ensure I have a good time. Sometimes this works and sometimes it does not work out so well. In this respect Chanel was perhaps one of the best women I have met aside from a French-Tunisian woman I met with Luna Flares about eight years ago - I should have got her telephone number... Anyway Chanel is a extremely beautiful women of East European extraction. She obviously takes care of herself physically and if you treat her in the right way i.e. with respect then this will pay dividends. Her demeanour is one of elegance and sophistication. However, if you do not treat her in the right way one suspects that this would be a frosty. However, my encounter was the former experience rather than the later. In terms of passion she has this in abundance and she is willing to experiment sexually for the right client. Oral is covered but I prefer this for safety reasons (this might not appeal to everyone though). I am quite athletic so we tried some difficult positions. She has the stamina to keep going even for even the most ardent sexual athlete. Overall, I would heartily recommend Chanel. She is intelligent, funny and beautiful and to coin an often used phrase a true girlfriend experience. I guess in my fourteen years of punting I have been seeking physical

perfection in women as well as someone to ease the strain of work and life. I came close with two women and Chanel is one of them. Punting has cost me a fortune in monetary terms over the years but when you experience someone like Chanel you forget - well at least for the time you are with her. Anyway good luck to all you fellow punters out there - good luck punting and I hope you have a good time with some fine women!
