The Premises:

Angel has a basement flat just off Baker Street, near Regent's Park.

The Lady:

Angel is perfect when it comes to looks, she has a perfect smile, petite body, and incredible smooth skin. She also has great boobs and a nice arse. I'd possibly consider her to be the best looking Asian girl I have seen working girl or not.

The Story:

Angel put me at ease straight away and she is very friendly and quite cheeky. Oral was amazing and she knew exactly what she was doing. I tried to make this last as long as I could and she slowed down when I asked her to but it was just too much for me and I couldn't hold on any longer. She then gave me some cuddles and kisses before sensually rubbing her body against mine, and it didn't take long for me to get going again, and we fucked in many positions. She made lots of eye contact while fucking me which I liked and I came while she rode me. On top of the sex she is a really nice genuine girl with a really good personality and I had a very enjoyable time.
