The Story:

this is a warning to all the good guys who go to saunas for nice time with fun lady and as a regular i have met some lovely ladies in many establishments. This lady was a disgrace and does nothing to help people in her industry. She came inot the room and said did i want to bother with massage or get down to it ! she then told me what she didnt do ie kissing, rimming etc and anything else would be extra.well by now i was thinking what am i doing here. she put some talc on me and rubbed my back for about 2 minutes before telling me to turn over oh by the way she was sniffing all the time. She put a condom straight on which wasnt easy as i was not hard and then sucked and sucked..i was having trouble getting hard and told her to wank me..she still didnt make me cum so i thought i better wank myself and still took me ages to cum ..she then got dressed and walked out much to my relief..no one was there when i walked out and as the door closed i felt happy to leave...men you have been warned go elsewhere this establishment need to really get its act together and i am sure all the girls working there cant be as bad..if the owners read this i promise you that everything i have said is absolutely true..
