The Lady:

Gorgeous looking, long blonde hair, curvy body, fantastic tits. Czech girl [from Brno -speaks good English].

The Story:

All over me from the off with deep French kissing, grinding herself against me, lots of mutual groping.

After we undressed we lay on the bed to continue the groping. She offered her superb breasts to me, so I began to suck them -she has amazing nipples. After a few seconds, I was amazed to feel liquid emerging. Yes - she was lactating! [and she has no children - didn't know that was possible] Now I've never been into this sort of thing, but it's actually quite a turn-on when you experience it. She clearly loves giving milk, so I carried on sucking [both sides]. I'm sure if I'd carried on she would have had an orgasm.

Anyway, time pressed so she went on to give me the most amazing bareback blow job and then I gave a fanny a good tonqueing - I'm pretty sure she came. All interspersed with furious French kissing.

Then on with the mac for some missionary. We went for it hammer and tongues [the tongues bit literally] - I was in up to my balls when I came - and she came at the same time, which is pretty rare if we're all honest.

This girl is definitely in my top five and she obviously enjoys her work - the cliché sex bomb is not an exaggeration.

As I've commented before, this place is a bit pricey, but you do get what you pay for.
