The Story:

She greeted me in the outfit I requested and with a kiss on the cheek. I handed over the cash and declined the offer to take a shower, as I just had one. We started out on the sofa, nice foreplay with french kissing, very responsive, pressing herself against me, grabbing my cock though my trousers etc

Finally onto the bed, she willingly let me lick her pussy, (nicely shaved and trimmed), while she was playing with her nipples and grinding her hips. Her pussy was dripping wet all the way through to climax. She repaid the favour by giving very intense BBBJ, while playing with my balls. I was gonna explode soon so on with the rubber I fucked her from behind doggy style- it didn't take long, partly thanks to the mirrors she has strategically placed around the room.

Following some nice conversation and a few jokes, she initiated round two this time she took the lead, played with my cock to get it hard, sucked it some more then put a rubber on and got on top of me- nice enough, but I wanted her bum! Missionary first with her legs over my shoulders, but went in too deep for her, so back to doggy and some more visual stimulation. Finished me off with her very strong and sensual hands!

I had an excellent time with this girl, and would recommend her to anyone. She's pleasant and charming, very good at what she does and seems to enjoy every bit of it. I will definitely be back for more!
