The Lady:

Very attractive, slim with a lovely soft brummie asian accent. She was quite light skinned so I initially wondered if she was Indian but a quick check of her Hindi and later chat about my other passion bollywood put any doubts to rest. Her eyes will melt you and her lips were as soft as they were beautiful.

The Story:

She offered a real gfe with owo for an extra ?10. She was very friendly, (and from the delay in getting an appointment) I would think popular. She touched, caressed, kissed and licked in all the right places. I rarely go back to a girl but she would definitely be an exception. My only regret is I only book half an hour.
