The Lady:

East European or Latin. Not sure which. Nice anyway. Early twenties. Tallish, Black hair, Very good legs.

The Story:

A good selection of ladies to choose from. Alexa was the most appealing and seemed intelligent. I like a girl who can carry a conversation. As it happens we didn't have much time for that as Alexa and I played hot and wild for the entire session.

First some kissing, then OWO which was good. Then more kissing then I licked her fanny. Not much response but neither did she complain. I wanted to kiss again but she wanted me to ride her so I did. It was missionary and cow girl and then more OWO to finish me off.

We had some time left. She tried to get me hard again but Mister Man was not rising to the occasion. Maybe next time.

A very pleasant girl. Good manner and good body and nice enough to see again.
