The Premises:

Olina lives on her own in a very discrete apartment in a well known building close to South Kensington Tube. The area is respectable, prosperous and safe. Olina's apartment itself, whilst compact, is immaculately presented and tastefully decorated throughout.

The Lady:

Olina is drop-dead gorgeous and cute as a button. The pictures on her website are a very accurate reflection (no airbrushing here!), with the exception that she has now had her hair cut into a shoulder length bob. I know it's a cliché, but I found her to be even more attractive than her photos, with a body that is just designed for sin. Unlike many asian girls who tend to be rather too skinny and boyish for my liking, Olina is curvaceous, athletic and extremely feminine, best of all she has the most amazing plump, round, taut arse.

The Story:

This is my first report. I must confess that as an occasional punter I generally tend to use this site for a bit of research before lining up a likely conquest, however, have never in the past felt inclined to write any reports. Usually I come away from an encounter with an escort either moderately satisfied or moderately dissatisfied. Either way I don't usually feel that the experience was worthy of my taking the time and effort to post a report. On Saturday night however, I had such an outstanding time with Olina that I somehow feel duty-bound to sing her praises on here. In my experience girls like Olina in this business are extremely few and far between, indeed rare enough that I have never met one before and as such richly deserve the publicity that a good reputation on this site might bring them.

On arriving at Olina's door I was ushered into her very pleasant apartment and immediately met by a vision of svelte, sexy loveliness dressed all in black. Black high heeled shoes, black seemed stockings and a tiny figure hugging shimmering black dress. Olina somehow manages to combine a classy and sophisticated sexual confidence with a coquettish, gamine-like charm. Scarcely had I been shown into the sitting room before Olina was requesting that she be introduced to my cock and I in turn introduced me to her sublime OWO technique. Introductions made I was offered an array of drinks including champagne and spirits - I opted for some white wine and olina dissappeared

and returned with a nicely chilled bottle of Pouilly-Fume and a couple of glasses. All in all a pretty good start to a punt!

I guess sometimes you just click particularly well with another individual or the sexual chemistry just happens to be really well matched. For whatever reasons the next hour and more with Olina was one long blur of passionate sexual abandon, nothing felt forced and nothing formulaic. Olina's OWO and deep throat are truly out of this world, but equally, her silky smooth, sweet-tasting pussy is perfection and her tight arse a delight - both to tongue and to fuck! The culmination of our prolonged bout of sexual gymnastics was one of the most intense CIM orgasms I have experienced in a very long time - heaven!

Although already overtime at this point, Olina was insistant that she run us a nice bath to share so that she could wash me all over before my eventual departure.

In conclusion Olina is an absolute treasure, stunningly attractive and offering an all-encompassing unparalleled service. I am fortunate enough to have experienced alot of good sex in my life, but in all honesty I have never before experienced 'paid for sex' of such high quality and mindblowing intensity - what a star!!!
