A very good looking, petite, 20yo, about 5'4", with long brown hair. Great figure, with firm 32" tits and feelable bum.

The Story:

Finding myself at short notice back in Chelmsford, I decided to try a new agency that I found on the internet.

Sonia a new girl to the agency was available and was duly booked.

She turned up on time and brought a glow to the heart, or some such region, as she was very attractive, with a lovely figure and great personality.

After dispensing with the financials it was on with a back massage, front massage, attention to all the sensitive parts. Removing her underwear revealed a most attractive body that responded well to touching. A long session with a vibrator on Sonia, plus a little finger work produced the desired effect.

It was then my turn again - lips, tongue and fingers applied to the right areas never fail and I was soon relieved of a good load.

We had a some time for a wind down chat and cuddle and more caressing before she was off into the night.
