The Story:

Quick chat about my desired scenario (me: naughty 12 year old whose mother sent me to my aunt for discipline; Her: kinky, sadistic aunt intent on straightening me out). Jessica played the part well, staying in character throughout and adding a lot of sensual / sexual tones and activities to the scene. I've played the game that way before and it's fun, though truth be told I'm a pain slut and I would have like a little more focus on blistering my bottom and having a variety of clips and clamps put on sensitive areas of my body. She did spank and cane me and as the hour went on I think she began to believe what I'd said at the start, that I like a lot of hard spanking. The paddling was nice (not as hard as I'd have liked) but the caning was great. She gave me over 40 (maybe 50 something) progressively harder cane strokes which was awesome - I have red stripes still 3 hours later). She offered to finish me off, which was sort of foreign to me (I'm from the States and in the rare cases when a domme allows release it's masturbation only - I didn't know until I read this website after my session that sex for money is legal here in London so my surprise must have amused her). She gave me a hand job but I didn't cum - not her fault; I was a little freaked out by the situation since I haven't had a woman other than my wife jerk me off in 17 years. I always go just for the pain. She did a little face sitting, caressed my cock and balls, and did a lot of sexy tough talking. She put me in a variety of positions for spanking and caning. It felt a little rushed at the end with the goodbye, but it was Saturday at 8 pm and I'm sure another client was coming in. Overall it was a good experience and Jessica was great. I classify professional dommes as sensualists or sadists (I've met very few who do both things really well) and I'd describe Jessica as a sexy, fun sensualist. If you want a sadist to push your pain limits she's probably not your 1st choice, but I'd highly recommend her as a sensualist.
