The Premises:

Flat just round the corner from Harrods. Do NOT go up the first flight of stairs -- carry on along the corridor to the second flight of stairs.

The Lady:

Pictures may have been photoshopped a bit, but there is no doubt that this is the lady in question. The breasts and nipples in the pictures are certainly real!

The Story:

This was an early punt and she had just woken up, so was a bit disorientated and dishevelled. She is a quirky girl who loves sex or certainly gives a very good imitation of it. Great kisser and just loves to get it in the Spoons position. Came once and then gave her a nice 10 minute massage. I asked to be paid for the massage with a blowjob, but she promptly applied a rubber and got into the spoons position again. Who was I to complain! Tried to cum again, but could not, so she finished herself off with her own fingers ! What a sight !! Great girl.
