The Story:

Whilst this was probably not my worst punt, it was certainly the most disappointing. I saw Gemma in December (report 79022) for an amazing punt and, as result of that, decided to go back. What a mistake! It is amazing how 7 months can change someone so much. This time, no DFK, no fingers anywhere, no CIM (despite being advertised on website), no COF (this was provided on my first visit!). You can't do this, you can't do that, etc. etc. Absolutely awful. She even got pissed off with me when I put a bit of spit on the condom to make penetration easier. Insisted on changing the damn thing. Bounced on her for a while, but 20 minutes into the punt, decided that this was going to be a complete waste of time. Did not even bother to cum.

My apologies to anyone who may have visited her as a result of my last report on her. Avoid now at all costs. To add insult to injury, she is now charging more than she did last year. I suspect she is just milking it for all it is worth before she heads back home.
