The Lady:

Pictures are a very accurate reflection of the lady. She might not be 19, but she is not much older.

The Story:

Probably the best punt of my current London trip. This lady has the smallest pussy I have ever seen - it can't be much more than an inch from top to bottom. Absolutely fantastic.

Anastacia obviously knows her way around a bedroom but she provides an excellent service. Unfortunately, I have not in the mood to experiment, so it was just straight doggy to completion. She was initially reluctant to let me finger her pussy, but I eventually charmed her into allowing my finger into that sweet tight pussy of hers. Lots of DKF and she had great tits. Could have sucked on them all day long !
