The Lady:

As in the previous report - much older than advertised, she must be mid to late 30's and time has not been particularly kind to her. Big juicy tits - slightly sagging, she is slim but her belly showing obvious signs of childbirth, trout pout - recent botox, her arse looks as though it has dropped. Hair - like straw.

The Story:

Not very welcoming - did not put me at ease and did not smile once. Showered, hopped on the bed, she gave me a poor massage, then started with an average tit wank, followed by an average OWO. Fucked her missionary, she laid back with her eyes closed, making automated ooh's & aah's. I was getting bored, so shot my load and left after 30 minutes. If she were a horse she would either be put out to field, or be nade into glue. Time for this lady to leave the proffession for the younger girls.
