The Premises:

While I was there we did have to change rooms due to the bed in the first room not long enough for me to stretch out on. The second room was larger and I do not know why we didnt go to that one first.

The Lady:

I'd say the Lady was in her mid twenties with medium length blonde hair, a nice shapely figure with one tattoo, a piercing and firm breasts.

The Story:

I first checked out the website and decided to visit Butterflies. I noticed on the site the price was ?90 for 1 hour, but before I went in I decided to ring up and check the price and thankfully I did. I found out it was ?100 for an hour. After we settled down, it was a quick massage and than I turned over and the condom that went on, she said was small but she still squeezed it on. As I was playing with her breasts she started to suck me off, and as this was going on I decided to touch her vagina. It seems to touch her there is extra. Anyway, the sex was done in short bursts and many positions and was hard to focus on what I was doing and with the tight condom it was difficult to come. In the end I laid there and came into the condom while she faced me and played with her clit. My first punt at this location and I'm not even sure of returning.
