The Lady:

Tammy is very attractive. Her wonderful red hair is a lovely feature and she has a gorgeously lithe body with just the right amount of everything a man may wish to look at, explore and enjoy.

The Story:

After a number of escort visits this was my first trip to a massage parlour. From reading PN reports I was aware that the PFR (Punting Failure Rate) is higher at parlours and I'd read lots of examples of poor premises and starfish girls. So I entered with some apprehension.

I should not have worried for one moment. This was a simply great experience, made even better by being concentrated into 30 minutes and at less than half the price I normally pay for an hour's punt with an escort.

What made the difference was Tammy. She was just lovely. I think it helped that we seem to share the same rather quirky sense of humour, a point Tammy made to me. She also seemed to enjoy being 'naughty' and doing a few things she maybe doesn't normally do.

We started by showering together - always a favourite for me. We soaped each others' special places and then Tammy went down on her knees, and it wasn't to look for the soap!

I was then ordered (literally) to lie on the bed and my nether regions were attacked with some gusto. Tammy's tongue was extremely busy. I thought she was literally going to swallow my balls. ?Bend your knees?, came the next instruction and her tongue went off to another interesting venue. Wow!

After that I insisted on my lips and tongue having their turn. One physical detail I will give you: Tammy has the sweetest-looking, tiniest little bumhole I have ever had the pleasure to meet.

Then she got bossy again (well .. not really) and gave me some training in lubrication and foreplay.

Lubrication achieved ? natural in one entry point and assisted in another ? I asked for a further lesson, this time on what makes her cum. It took both of us ? Tammy working on her clit and me with both hands busy - to give her a really good climax. I thought that was quite an achievement at 7.30 pm after she had spent a full day 'on the job'.

Then she said ?Now I need to shag you?, and she did. A variety of positions before I chose to deposit a memory of my visit on her lovely breasts. We had to wash it off with a another sexy shower, of course.

I haven't said that we snogged like young lovebirds from start to finish and in whatever position we were in at the time.

Tammy rates among my really top punts. It had everything in it and she did everything so enthusiastically and was great company. We just seemed to click and as a result I feel I got the best out of her.

Oh, and I'll let you into a secret: the lady loves white chocolate. Hope you enjoyed them, Tammy.
