The Premises:

Lola & Alera's new flat. In a very run-down area of the East End. Boarded-up tenements, uncollected rubbish but new developments going up nearby. Definitely dicey. Not in Shawlands as the website still says - apparently they moved about a month before this visit.

The Lady:

See website for pics which are pretty accurate. Supposedly 21 but almost certainly a little older. Thin but not anorexic; really nice medium-sized breasts. The girls are described as junkies on another site but no sign on Alera's body of drug abuse. On the other hand when I eventually saw her teeth at the end of the punt they were in really bad condition.

The Story:

Lola let me in to the flat, which they had started redecorating throughout. Paint and paper scrapings covered the entire floor of the entrance hall & bathroom. Asked to use the bathroom - only 1 sheet of bogroll (just as well it was just for a pee). Bedroom was clean but spartan. Room heater on but felt a bit damp. Lola took my cash - should only have been ?60 but I was confused over cost after another 2 potential punts had fallen through and she didn't correct me when I offered this.

Was left to undress then waited for at least 10 minutes for Alera. When she arrived she undressed. I was not disappointed by what I saw as I prefer slim girls. After a brief back massage, I turned over and she started oral. I must say that I found this really enjoyable - she is very skilled in this department - but then I hadn't seen her teeth at this point. In fact I let her carry on until I climaxed (no CIM however).

It was only after I had dressed and was leaving that she finally smiled and any thoughts I had of a possible return visit evaporated.
