### The Story:

Libby entered the room in matching lingere consisting of tiny thong, I was dressed in thong and panties she commented on how this turned her on and rubbed my cock through the panties a great start. Libby then gave me a quick rub down tickling my ball as she went. She removed her bra to reveal her pet breast and semi erect nipples she looked me in the eye and said it is about time i sucked your cock with a cheeky comment about leaving lipstick on it. She offered OWO for ?10 extra which i agreed too and she sucked my now hard cock liked my balls and ran her tongue up and down and around my purple helmet great eye contact all the time SUPERB!!! Libby now asked me to go on all fours and whispered in my ear she wanted to fuck my ass i agreed.(?20 extra for this), she had a small vibrator which she gently eased in my ass talking filthy all the time about how it turned her on and that she would love me to fuck her arse if i wanted i declined on this occasion. she then flipped me onto my back and continued fucking my ass only now she was sucking my cock again as always keeping great eye contact. She now wanted her pussy licked and as i had paid for 2 extras offered this service free she is fully shaven and tasted sweet and was responsive. I wanted to shag this bird now so on with the mac and although she offered several positions i went for mish so i could suck her nipples and look her in the eyes she was wet, warm and tight and appeared to enjoy herself, i would have loved CIM but this was not offered(maybe next time) so torn between shooting while inside her pussy(mac on obviously) and being wanked over her tits i went for the wank and shot by hot cream over her pert breasts FANTASTIC. Libby gently rubbed the tip of my cock until there was no more cum left and happily said she really enjoyed things and that next time i should fuck her arse i just might do that. Libby is a great WG and offers plenty of services she is very clean and gives GFE.
