The Premises:

Plenty of easy parking. Parlour seems clean - how can you really tell?

The Lady:

Mature woman in her early to middle forties I'd guess. Nice body with fine tits topped off by large nipples that were just made for playing with. Says and does all the right things but doesn't seem really switched on to the action - doesn't convey any real sense of enjoying what's going on but in fairness that might have been down to me. I was there really to see Jenny but another punter beat me to her so perhaps I wasn't in the best of form. Susannah, however, was very pleasant but I wasn't sure we really clicked.

The Story:

Lay on the bed and she used her tongue on my back and down the crack of my arse - very arousing. Turned over to explore of those tits and was then treated to some very nice OWO which very nearly pushed me over the edge. She seemed to like having her pussy licked and sucked - just as well cos I just love getting my nose wet! Finished in doggie and the sight of her lovely big arse made sure I finished in a rush.
