### The Premises:

Classy parlour on Hartshill Road near city centre with front and back entrances. Laminated floor in reception / customer lounge area. Kept spotlessly clean. Well done, ladies. Safe surrounding area. 2 out of 3 rooms are en suite. Nice beds and bed linen.

### The Lady:

An absolute stunner ! Tall, slim, leggy. Clothed and unclothed she really made me gasp. Nice boobs - estimate a C cup but definitely a most beautiful shape. Her straight hair was light brunette, although I am reluctant to attempt to describe it as unable to do justice to the care she evidently takes with her appearance. She was wearing the sexy outfit shown in the new pics on The Head Office website, which I think are good photos.

### The Story:

No surprise Bianca's appearance matched the 3 most recent pictures on her page on the parlour's website. The Head Office's equivalent of "Q" was finalising the files on his laptop on the Reception counter when I arrived ! The Receptionist is, however, a sexy lady not a computer nerd.

Earlier I had rang fairly speculatively checking which girls were on. I decided to visit specifically to see Bianca on the strength of the first 3 photos published by the establishment. I only had a brief wait before glimpsing the real girl showing the previous client out. She gave me a smile. It wasn't self consciously a brilliant smile on her part but at the receiving end it was perceived as a brilliant smile. I felt already like I'd hit the high score on the pinball machine.

She entered the room as I was showering and greeted me in a friendly tone. I tried to ascertain a bit about her as I towelled myself off. I think I did well to keep up a sensible conversation as she stripped to let me see her real self after I mentioned the deciding factor in seeing her. Both in the pictures and in the flesh, she is stunning. Blame the obvious distraction that I caught that she'd previously worked at Sandys Superstars but not her name when working there.

I was unusually assertive in proposing to settle the money first. It wouldn't have been demanded unless I'd insisted. I think I paid the extra for RO (this was Stoke). Bianca asked what I wanted and this is a core activity for my sessions.

We started with a luxurious and long massage with me on my tummy. Boy, oh boy, this was a fantastic massage. A rub down with hands, stroking with boobs, blowing in the ear and a lot of tickling of my erogenous zones as she knelt between my legs. After a significantly longer period than a cursory, through-the-motions back rub, she flipped me and I was back in eye contact with her stunning face for more pampering and teasing whilst I was lying on my back.

Bianca used her mouth to pop on the rubber. We agreed to go into a 69 for my RO. I couldn't resist the thought of seeing her backing towards my face, although before long I proposed, and she accepted, that we move into the customary position with me between her legs. Only having a half hour I didn't have long enough, but it was an appropriate preparation for sex. I elected to go on top but Bianca asked me to come up the bed and present my cock to her briefly.

I'm not sure that she needed to check it was hard because it had been stiffly to attention continuously since she slipped off her knickers (with her back to me - that was some sight). However, it was kind of flattering to be asked. Moreover, it was entirely symptomatic of her eagerness to ensure that I enjoyed every second of the session. She was soon satisfied and then I was immediately in balls deep with her stockinged legs around my neck. I had an exceptionally satisfying climax - not surprising given the work she'd done and how sexy she is.

She told me to relax whilst she cleaned up. We agreed that she would shower first.

Finally, to say that Bianca's approach is notably professional and speaking with her is very clear and direct. I liked her attitude tremendously. She is good company and the conversation was warm and friendly. However, there was no ambiguity that what was going on was girlfriend / boyfriend, but I certainly wasn't looking for such an illusion or for pecks on the lips. (I didn't ask her about kissing - which would presumably be an extra in Stoke anyway - so don't read too much into my remarks about what she does and does not do.) I was just thankful that The Head Office had provided me with this opportunity to shag a stunner way, way above my league

This is a smouderingly hot lady. I had a great time and I had great sex. I am highly recommending Bianca.
