Needed a hotel and a girl - hey presto !

The Lady:

Good looking blonde. Tall and looking the business.

The Story:

Once she was settled we sorted things out and a few mins later she was working on my cock. Hands and mouth worked well and she soon had me ready for action. Resisted her in 69 so was really hot and needed to fuck her. Started with her on top and that had me on the edge. Into missionary and humped her furiously and that did it for me. Best described as a good un and VGM
