The Premises:

Please see previous reports. Not the worst place but not the best either. feels safer in the daytime.

The Lady:

After visiting once before and having a good time with Jenna i decided to return for a 3sum. Chose Lauren and Lucy mainly because of previous FR's. Lauren was very thin and dark haired. looked ok until she got undressed! she didnt smell very good and her feet were filthy like she'd been walking round barefoot. definately not bathed that day! Lucy was her girlfriend. Polish girl. Bit unusual looking. Not a great body but clean!

The Story:

the girls got undressed and started kissing each other then they rubbed me over quite briskly. Had OWO off Lauren which she was good at. Followed with OWO off Lucy. Not quite so good but still ok.

Then LAuren bent over to suck Lucy's nipples. At this point i got off the bed to watch them playing with each other. This was when the moment was killed for me! I went to play with Lauren only to find some sort of discharge oozing from her!!! It looked like sperm as there was quite a lot. I know Lauren offers bareback and i was concerned she had indeed just been involved in such an act and not cleaned herself out! disgusting! put me right off so i had quick sex with Lucy and couldn't wait to get out. Thoroughly disappointed this time after having such a good time with Jenna previously. I think i will return to try another girl as there are a few working there, but if the experience is anything like this one it will be my last at this place. Choose wisely with the girls here they range in looks and cleanliness!
