The Premises:

My place - not too bad, tidied up a bit, made the bed and all that.

The Lady:

Cute Indian girl, aged 24, about 5'6" tall, slim but not too slim (size 10) and 36C bust with lovely big brown nipples. Priya has a gorgeous round bum. She came dressed in an over coat, which was removed when she got inside to reveal a nice short black dress over black stockings and long leather boots.

The Story:

My girlfriend was away this weekend so I thought I would treat myself to a bit of fun. I looked at the impulse247 website to see who they had available. The first girl I selected was busy, but my second choice Priya was available - and I am glad she was! I have been punting for a year or two, and only now felt inclined to write a report!

The agency got her to call me and we sorted out the details then she arrived half an hour later. I asked her to get the driver to park a few doors up cos of the neighbours and she walked down.

We got the money stuff sorted out straight away, and then straight up to the bedroom. Lots of kissing, and plenty of quite sexy ear nibbling, as we stripped each others clothes off. I was keen to get those lovely tits out and have a suck on her gorgeous big nipples!! She unbuttoned my shirt and pulled my trousers down as I gently peeled off her clothes - lingering over her sexy round bum and totally shaved pussy.

Now fully naked, we got down onto the bed for more kissing and stroking of each other. I thought she was a little nervous at first (me too actually) but she soon relaxed into it. I asked for a blow job next and she obliged; it was covered, which I was a bit sceptical about, but actually her technique was good and I only lasted a few minutes. I had to go for a clean up then back to the bedroom for round two. I started to stroke and finger her very wet pussy as we kissed and groped some more, and she gently brought my "old fella" back to life. I never know if the girl is faking or not, but it

certainly felt like she came here - I felt her body tensing and breathing getting heavier!

I then slipped a cover on and pulled her on top of me for some enthusiastic and deep cow girl; after a few minutes of this, she rolled over, pulling me on top of her for a good hard fucking. She felt quite tight but managed to take the whole lot and we spent the last 15 minutes or so fucking like this really hard and deep, as she kissed my neck and ears. I think she came again here too! We finished up all hot and dripping with sweat, then had a bit of a cuddle, and I think we both enjoyed ourselves - although you never can tell if the girl is acting or genuine!!

Still, I thought Priya was a really cute, genuine, sexy girl. It was a good GFE. A bit shy, but I would definitely see her again.
