### The Premises:

Very nice. Nothing to add to descriptions of previous reports on this place

### The Lady:

Very nice. The pictures on the webpage are accurate. However, what they leave out is her very cute face.

### The Story:

For some reason, I thought they opened at 10 and that by arriving at 11 I would be allowing time for them to be sit up. Having looked at their webpage, I had been thinking of Peaches. However, they only unlocked the outside door about 11:10 and I was told that Melanie was the only one available. This turned out to be a lucky break for me.

Melanie asked if I wanted extras. I asked what was available. When she said ro and kissing. I went with kissing for 10. It turned out to be a waste as I just got a few pecks. I wondered if I might have bad breath when she turned her head away when I tried kissing her on the lips, but I had brushed by teeth before coming so the only smell on my part should have been toothpaste. However, this is my only small complaint. Everything else was fantastic!

After a brief massage, we got down to business. I thought she had the cutest face and really enjoyed watching her give me a BJ (even thinking about it now is stimulating). She suggested we start out with doggy but I suggested missionary, so I could look at her face. After a few minutes, she suggested doggy again, saying it was her favourite. She was very good in both positions but we finished off in missionary as I found her face really cute and a real turn on.

She is a good actress. She comes across as being shy and bit bashful. However, given that she has been on the ROTA for a few weeks now, I think it must be partly an act but it works. She is also a good actress when it comes to the sex.

Of my three experiences since arriving in the UK, she was definitely the best. I will definitely repeat but next time I'll skip the 10 for kissing.
