The Premises:

as described before really nice apartment in central London, near Lancaster gate tube.

The Lady:

all the 8 (usually 7 but 8 today) ladies were gorgeous.

The Story:

this was my first party (it's an orgy really). i was shaking like a leaf, got there really early so went for a beer to steady my nerves. when i got to the party i was let in and it was straight into one of the action rooms and what a sight it was, bodies every where, it was like something out of a porn movie.

i was shown by em to the changing room given a gown and a towel, took a quick shower and was shown into the action. straight in with Ashley who has a wonderful hand and mouth action, and i shot my load in a few minutes. i then went for a while grabbed a drink and caught my breath. i then ended up in a room with Leah and Natasha who were already being serviced by about 3 or 4 guys, 2 left and i ended up shagging Leah doggy, but it was too soon for me to finish after my last effort, so went to the 3rd room and had some action with 2 girls in there. then back in with Natasha where i ended up all over her face and lovely tits, after a bit of a break i had a go at Ashley again this time i managed to shag her in various positions.

throughout the 2 hours i was sucked and fucked by at least 6 of the gorgeous girls there.

if you are thinking about it and are unsure, just go for it. i was undaunted by the other blokes there and can assure you that not everyone is hung like a porn star.

em and moss are great, thanks I'll be back
