### The Premises:

Flat just off Edgware Road.  
Parking available at the time I visited but could be a different story during the day. Not my favourite part of Central London.

### The Lady:

Blonde girl in her 20?s. Long hair and tanned. Close up I didn?t find her to be a stunner but she's fairly attractive. B or c cup boobs.

### The Story:

Paid the money and got undressed. Amanda had seemed quite smiley on initial contact but she returned having put the money away and spread a towel on the bed and asked me to lie down. I beckoned her to come over to me but the look on her face just showed her disinterest and sulky nature. She made no effort in engage in any talking and viewed it simply as a business appointment.

She seemed almost frigid about being touched and sat with a sulky expression on her face most of the time.

Stroked her thighs and she again asked me to lie on the towel which I did.

She gave me a back massage and took out a condom. Owo wasn?t on the menu and she asked me to turn over so she could apply the condom.

The condom was applied and things rapidly turned downhill from here. No passion whatsoever. I?ve had far better service in parlours.

I got myself hard and asked her to jump on. She rode me but kept her hand on her pussy so to prevent a full penetration.

Asked for another position and reluctantly she agreed so we shagged in mish. She appeared to be very bored and had no interest in providing a good service so I jerked myself off to completion and made an exit.

She may have been having a bad day and is rather new to the agency therefore I will recommend her. Others may have a good time with her but I wont return.
