The Premises:

I've not been before so it was an experience. Parking and access is easy and private as advertised. The parlour itself is a bit like a rabbit warren. I entered the basement from the carpark and I was then led straight to the room (no 3 I think) which was nice and cosy. The whole MP is obviously a converted cellar but the layout is novel. I think tall punters would have to bend down to move around inside. The toilet and shower facilities are en-suite, but through a door to another room, so if you get changed and leave your clothes/money/valubles in the bedroom and you go for a shower, you will not be able to hear if anyone enters the room. On the whole this is a clean and well kept parlour.

The Lady:

I have read some very complimentary reports about this lady, coupled with the fact that I wanted to experience Scottish "hospitality". Alex is tall, especially when she wears her high heels 5'8ish, slender but not thin, nicely proportioned, long straight shoulder length brown hair, big but enhanced boobs, shaved but a bit pimply down below. A nice soft Scottish accent not a broad glaswegian one, even though she is from that city. 3 tattoos.

The Story:

I'd had a shower and was toweling myself dry when Alex knocked and entered with a nice cuppa for me. With both of us standing she came over and started kissing and fondling - big turn on for me! We lay on the bed and Alex gave me a lovely relaxing massage then OWO and I agree with other FRs that she is very good in this department. I o returned the favour with RO which she seemed to enjoy it but I don't think I quite hit the correct buttons in order to make her cum although she did get hot and sweaty, but at least she didn't try to fake it. I like playing with nipples, but as has been written before, girls with enhanced boobs seem to have very sensitive ones and Alex didn't like me chewing too hard on hers. Anyway we ended up standing for a bit of doggy which I enjoyed but the pressure had built up so much that I didn't last very long. We lay on the bed and talked and stroked each other, and after a while I got excited again so Alex gave me a HJ spitting on it to give lubrication. On the whole very enjoyable punt and thoroughly recommended 8/10
