The Story:

Kitty arrived 15 minutes late, because the taxi driver couldn't find the hotel. Agency rang to warn me however so no problem. I must say the agency was really good throughout. I told them i wanted anal and selected a girl from their 'adventurous' list. They rang back saying the selected girl couldn't do anal because she had a problem - now that's a first for me and maybe a sign that the credit crunch is biting because several times before, with the same request, different agencies had taken the booking despite the girls not offering this service. Anyway, back to kitty. She arrived in boots and jeans and we got down to our little party for two. She didn't really do FK, but everything else was on offer. Inbetween she was friendly, chatty and very natural. She was a little too curvy for me but her professionalism and lovely smoothness made up for it. I won't return because there's too many slim, lithe little shag bunnies out there and i want them all!
