The Story:

Really enjoyed my time last night even though the service wasn't amazing so I thought I'd share. The bit that made this punt enjoyable was the juxtaposition of the obvious shyness of the young lady and her physical response to the encounter. On arrival, she explained that she didn't speak good English - which she doesn't! We settled on the bed and I guided this lovely shy creature towards me - she moved straight to owo, lovely and gentle though maybe lighter than some. Whilst her facial expression was a little shy and embarrassed, her physical response was amazing with her nipples rock-hard and her pussy wet. Moving her on to her back, I was struck by her fleshy, womanly pussy and swollen lips which accomodated tightly but with the genuine wetness that artificial lube just cannot replicate. I wont bore you with the rest of the detail, but I left a happy man :-)
