The Premises:

Block of flats up a side street of the main street not far from Paddington. Strange set up, you go up the steps to get buzzed in the front door. Then you have to get downstairs to get to the correct flat. place won't great, very run down, I went for a shower and the place appears to be falling apart.

The Lady:

Sexy girl, she is young but somehow, her giant boobs make her seem older. Lovely curvy body and her English is more than adequate for a light hearted conversation.

The Story:

Had a shower and then got down to business, she started stroking me all over and kissing and eventually moved to give some OWO.

After 5mins I took control and licked and kissed those lovely tits and worked down and gave her some Reverse O.

A few different positions and I got her to finish me off by hand.

Please note that I can't actually remember the precise date but this punt took place about a couple of months ago. So don't take the dates too literally but I'm sure her looks won't have changed much in 2 months.

Lovely girl, will recommended, but at the moment I don't feel an urge to return to see her (more girls out there and all that), but you never know.
