Safe and quiet area. Inside it's spacious, clean and comfortable with a relaxing atmosphere.

The Lady:

Totally stunning. Beautiful soft blonde hair, awesome body and the face of an angel but with just the right amount of twinkle in the eye that says I can be a naughty girl whenever I want. One of the most striking women I have ever laid eyes on, never mind make love with. IMO the perfect woman.

The Story:

Although a reader of this and other review sites, I've never thought to write one myself till now, as I wanted to say thank you to Jessica for the fantastic times she has given me.

Jessica has been looking after me when in London over the last year and have met her on a number of occasions, at my hotel, her current abode and previous flat. On our first meeting we had sex, now when we meet its like making love with your girlfriend you haven't seen for a while.

This week she entertained me at her flat and although she never leaves me anything other than a very happy boy I still crave more of this delightful lady. Each time has been a total pleasure and I would never dream of seeing another escort when visiting London while she is around.

First time I met Jessica was at my hotel and I had a WOW moment, every time I've seen her since I still get that same feeling.

Jessica gets great reviews on all the sites and it's down to one thing; she is quite simply a lovely person who ensures you have a fantastic time, bearing in mind for her to treat you like a king mind you have to treat the her like a princess first. The fact that she is stunningly beautiful obviously adds to the enjoyment factor but it's the way she treats me that makes her a bit special.

I have seen many escorts, excellent and awful, but few could come near this lovely lady from Poland.

The services Jessica provides have been well reviewed by others so I needn't go into detail of our

times together. Except to say this lady is completely wonderful in the way she interacts with me when I see her.

There are other great escorts out there in what is an industry where it's a lottery in what you get, but for me Jessica is easily the best and for some reason she seems to like me too.

Others who have met Jessica may or may not agree with me but with all reviews its only one persons opinion.

If there is a downside its that she won't do an overnight, but that's a me thing, as I like to see the girls I click with for longer periods.

Jessica: if you read this thank you for another highly enjoyable and fun time this week, glad you enjoyed the vodka.
