The Lady:

There is a reason the website blur out the image of the girls face and I found out first hand. She had really bad teeth, she had a runny nose, which is not a good site to see on any girl.

I could feel the stubble on her legs. In all she had not made any effort to prepare her self for this session.

The Story:

She came in and asked straight for the money which is for an hour session . She told me to undress and went straight into giving me oral with condom on, we went into missionary next and I came within 12 minutes.

She said that was it and would not do any more . she asked to use my shower and i was shocked by how she lacked any subtlety and said she would give me a massage which lasted for 7 minutes if that. She was ready to leave at 5:35 . So in total she spent 30 minutes at my place in which 6 minutes she was in the shower. I had to ask her to give me another massage at least but it was not any good, so i just let her leave. I felt so robbed and unsatisfied .
