The Story:

On that day, I was originally going to see Louise but she cancelled it because she pulled a muscle on her back so I booked Shelley for her company.

I greeted her with a kiss and I followed her to my bedroom, we had a little chat then me and Shelley got undressed and I was looking forward to losing my virginity. We started off with me and Shelley exploring each other's bodies then I took off her thong off and explore her pussy then one minute later, I took off her bra off so I can touch her breasts and I started to lick her nipples, then a little bit of oral and we had sex until I had an orgasm and I finally lost my virginity.

Had a great punt with Shelley and I will never forget her.
