### The Premises:

Daniella's place is possibly the best I've been to - genuinely a luxurious flat in a good part of town. Parking isn't that easy during working hours, but afterwards it's no problem. She's on the top floor - a lot of stairs, but it's a really clean and relaxing place.

### The Lady:

Daniella is pretty much as she appears on her site, average height, slim, large silicon breasts, shortish blonde hair and very pretty. She clearly makes an effort, and speaks better English than most Londoners I've met.

### The Story:

We had covered oral and sex in a few positions. It was all good stuff - but mostly I was impressed by the effort that she put into it - she's a genuine professional and went all the way to please.

Her prices have gone up quite a bit lately - to ?100 per half hour. In truth, I'm surprised she wasn't charging that before.

A lot of the girls in North London can be a miserable pain in the ass, which is why I was really happy with Daniella. She's on the expensive side now, but I can see where it's going. Worthwhile.
