### The Premises:

brand new ground floor flat

looks like a lot of money spent here to give the right impression

you feel very safe as it's in a residential area

### The Lady:

both polish with good english skills

look just like you expect the trained massues to look

### The Story:

Well not been here before always a bit weary of what value for money to expect

Greeted at the door by the owner i believe not English but very polite ?have i made an appointment ?

Shown straight in the room was perfect like a proper treatment room with clean everything  
Flowers and towels

Then A very attractive young lady Elizabeth asked me to undress and lay face down on the  
massage table

Off we go with a fantastic massage very deep this continued for about 35 mins

Then what do you know we are getting my balls felt and cock rubbed

Turned over and given a fantastic wank to completion cleaned up and sent on my way

There was quite a lot of grouping and kissing so felt good value

Did i mention there were two girls giving my cock a seeing too

Will be back for more in the new year
