Photos accurate with light airbrushing. Tall, fit but not a stick insect, and has some great outfits!

The Story:

My first report on this website for a while. In the interim I have been seeing ladies but none were sufficiently good or bad to merit much comment. This lady is different.

Olga is listed under other names on other websites. However to the best of my knowledge she has had no reports on Punternet. I am surprised. She is a cutie who seems to enjoy what she does. It may have helped that she was joining me for three hours, and that I plied her with champagne in a very decent hotel suite. Her website listing reads 'she is a dedicated dominatrix'; I don't think this is true. I think she is a tremendous kinky GFE.

I really enjoyed our time together, more so than any other working girl I have ever seen, and I hope to see her again.
