The Lady:

Her web site is very accurate; she wore a top with a plunging neckline, a fairly short skirt, and high heels.

The Story:

Diane is a great hostess; I think that as people, we had little in common, but she made pleasant smalltalk; when we got down to business, she became very open and sexually excitable. She sucked me (wo); then she invited me to use her selection of toys on her, but I preferred to lick her beautiful privates, and she came like a train. She told me that she would not like to do anal with me due to the size of my jt - this was a disappointment, but one I forgot as we got down to intercourse - first with Diane on top, then doggy. She made me feel like the studliest man in the universe; she really enjoys her job, and I enjoyed myself massively. A treasure.
