The Premises:

Ground floor flat in a large mansion block. Quiet street. Inside flat was very tidy. Lighting turned way down and candles along corridors between bedroom and bathroom.

The Lady:

5 ft 5, lovely long dark hair. Long legs and very shapely body. Have to agree with earlier reports that Taylor could do with a little boob lift.

The Story:

Taylor offered me a drink and then we went for a bath. She soaped me up and soon got me hard. She then gave me a nice session of OWO in the bath. We then moved to the bedroom and got down to action. Unfortunately, Taylor was suffering from a heavy cold and this somewhat affected her concentration on the job in hand. However, her continued OWO was nice and deep. She was not keen to too much kissing - though this could have been down to her having a cold. She was very keen that I fucked her arse and as I'd never done anal before how could I resist the offer! WOW this was good. Taylor can take it hard and deep and it is great with the long mirrow by the bed to watch as one pounds away. In between bouts of anal Taylor removed the condom and gave me more OWO. On the third anal session I could no longer hold back and came in her arse. After this Taylor left the room and did not return for over 5 mins. She then preceeded to give me a massage and did not appear to keen on more sex. Pity as I'd had no chance to taste her. In all a good punt - especially as I got my first anal and with a girl who seems to enjoy it. I was however a little dissapointed with the overall session and Taylor's lack of energy. However, I put this down to her having had a cold for a week. She was off for a week's Xmas holiday on the 23 Dec. I hope she returns fit and well. Taylor is a lovely girl and I'd return to see her when she is 100% well.
