The Premises:

Smallish flat, all the facilities, clean and tidy, felt safe.

The Lady:

Ella is clearly at least 10 years older than 24 years old stated on the agency website and I always wonder in cases like this, what is the point to put 10 years younger than you are - ladies, be realistic!

The Story:

As I've mentioned in the previous section, Ella is approximately in her mid-thirties and I felt cheated as if I wanted to see mature escort, I would have booked the one, but my choice for that time was to visit someone younger. However, I've decided to stay. We chatted for while, Then started kissing but Ella didn't give me deep french kiss. She looked tired and detached, she definitely wanted to be elsewhere. She is a kind of girl of 'don't do this n that'. She didn't allowed me to do properly using her boobs (which are very much photoshopped, I have to say). Actually I thought because she is more mature, she would give me some extra-ordinary services but she didn't. It was just wasting of my money. Not worth!
