Profile Name: Dollymopp...A Real Lover Experience

The Premises:

After directing me via an excellent local coffee shop, Dollymopp met me close by and took me to her boudoir. It's a very convenient location, safe and easy to find.

She has created a wonderfully seductive boudoir in keeping with her artistic flair eg scented candles and atmospheric lighting. I was quickly made to feel at home as everything was consistent with the image created by her website (which I love).

The Lady:

Dollymopp is absolutely charming. She is stylish and engaging and her soft scottish accent relaxes you straight away. She is pretty with all the right curves, lovely eyes that look at you with a wicked twinkle, beautiful black hair and a lovely complexion.

She wore a dress together with stockings - and looked as good as she does on the website. She has a smile and a seductive manner that instantly draws you in.

The Story:

Dolly is the genuine article. I was attracted to her through her fascinating website and was not disappointed. She is full of fun, ideas and stories (lots of laughter) and very sexy. But she is not overbearing or too full of herself. She seemed to know instinctively how to make it a very personal (and special) experience for me.

We opened the bottle of champagne I had bought and spent ages chatting on her bed. We talked openly with each other about personal things and seemed to lose total track of time. Dolly doesn't watch the clock at all.

At some stage we started to kiss and this was a truly wonderful experience. She is very passionate and this led on to a lovely journey that I would recommend to anybody. Enough said. I only wish I hadn't exerted myself so much on the tennis court the previous evening!

I left feeling I had met a very special lady and I hope to see more of her, hear more of her stories,

look at her art and just have more fun! She deserves to be treated well.
